  - Safety and Efficiency focused with a mind for improvement.
  - Demonstrates flexibility and cross-team networking in any task at hand.
  - Team player that is not afraid to take on many challenges outside of defined role and learn skills on the fly.
- 

## Experience

### **Cabot Microelectronics / Purchasing Assistant**

SEPTEMBER 2018 - OCTOBER 2019, HILLSBORO, OR

Managed inventory for raw materials and consumable supplies to support factory requirements. Conceived, developed, and implemented factory and procurement efficiency improvements.

- Scheduled movements of raw materials to keep factory supplied and maintained warehouse space min/max requirements.
- Generated requisitions and purchase orders for indirect and direct materials.
- Supported supply audit for purchasing general consumables, including cost analysis on supply programs and implementing ad-hoc changes.
- Programmed MRP system through Excel VBA to support raw material tracking and planning while reducing order errors.

### **Cabot Microelectronics / Warehouse Associate**

MAY 2016 - SEPTEMBER 2018, HILLSBORO, OR

Organized & processed inventory. Prepared domestic and international finished goods shipments. Streamlined department logistic processes with a focus on training and inventory control.

- Trained nine team members over the course of two years.
- Improved processes and reduced errors by writing and implementing raw material scheduling database programs.
- Cross-trained to cover for Shipping/Receiving Coordinator position.
- RCRA certified and limited DOT limited certified.

### **NexPlanar Corporation / Contractor**

SEPTEMBER 2015 – NOVEMBER 2015, HILLSBORO, OR

General temp work related to production processes, including mold prep. Supported building renovation activities. Packaged finished goods for shipment.

---
